

Assembly Instructions for Milos Zero Gravity Power Reclining Sofa

STEP 1

The wood feet and transformer are located at the rear of the Seat.

STEP 2

Take all feet and place the plastic washer on to bolt of each plastic foot.

PARTS LIST			
Front wood Leg 2 pieces		Plastic Leg 2 pieces	
Rear wood Leg 2 pieces		Wall Transformer	

STEP 3

Attach each foot to the corresponding pre-drilled holes by hand turning in clockwise direction until is tight.

NOTE: Please do not over tighten the feet as it could cause damage.

1 Slide the metal receiver over the metal post. Press both sides of back firmly downward until locked in place.

2 Locate the power cord C attached to the bottom back and connect to plug D located at the rear of seat.

3 Locate the Wall Transformer P and connect to DC Port located at the rear of arm.

Note:
 Make sure all PLUGS are connected on the product before plugging power cord into power outlet. If not damage can occur.
 The USB ports (where applicable) are designed with working voltage of 5V, and can NOT be used to supply power for laptop computers (neither PC or Mac). Plugging a laptop computer to the USB port may end up damaging either the computer or the USB port due to unmatched working voltage.
